I just wanted to talk to you about nothing in particular. I've just seen Pluto's post history and how many posts are from this. So how are you doing?

I'm doing better with my neck, it's still in a lot of pain. Not so good with life, but...

I guess I'm doing alright. I have a small cold, so I've been drained and a bit tired lately. Well I'm glad to hear that your neck is doing better.

I never even got the impression that he liked me that much. I mean, Pluto and I have always done biking, but she does swimming, softball, skiing, soccer, and like everything. And my dad always took her. So it just doesn't make sense that less then 3 months ago, I had 2 sisters my age. That lived with me. And now, I might have none. And all of my friends live here (WA) too!

Please let this through mods

Well, parents are like that. But... Because I've never been in this type of situation, I don't really know what to say. But I just hope your parents will try to resolve this matter and think about what's best for everyone in your family and learn how to understand each other.
